ash tree wood; glass clear

- Size  
W/H/D 95.5 x 50 x 17.5 cm  
Space between the glass panes: 13.8cm  
Inside width 43 cm

- Delivery content  
1 shelving unit containing: 7 tempered safety glass panes, 2 solid wood sides, aluminum rods, threaded rods, assembly material, assembly instructions

- Material  
The wooden side elements - made of one piece of solid wood - and the aluminum rods form a stable frame, which can easily be mounted to any wall with concealed fittings. The frame holds 7 tempered safety glass panes and thereby provides about 3m of space for your CD collection. (3m = total of the glass panes overall length).  
The wood's surface has been sanded finely and treated with an ecological oil.

- Usage  
The CD shelving unit can be mounted easily to any kind of wall. It is also suitable for the kitchen as a spice rack or as a kitchen shelf or in the hallway as a shelf for gloves, hats, shawls or similar.

- Capacity  
The shelves have a storage capacity of ca. 300 standard sized CD cases (jewel cases).

- Extras / Special  
Concentrated on the essential elements - this cd shelving unit captivates by unobtrusive presence in high quality materials at a maximum capacity on small space. The slender construction gains high stability through the frame and the wall-mounting fittings. An extraordinary piece of media furniture - exclusively available at WOODandMORE.
