(incl. VAT, excl. Shipping)

- Wood / Finish / Color
black; glass clear

- Size
B/H/T 67 x 83,5 x 45 cm
Glass panes: B/H/T ca. 60 x 45 x 0,8 cm
Start hole line at 13,5cm (top/bottom), distances in between: 3,2cm

- Delivery content
1 Hifi-Rack, 4 adjustable furniture feet, assembly material and instructions (delivery without displayed decoration) Additional Glass Shelf (Art-No. 6159) available here.

- Material
Solid wood hifi rack made of wood in combination with toughened glass. The side frames are firmly glued and are connected with the cross squares by the means of stable, nickel-plated screws. The glass panes are placed on top and bottom of the frame. The middle glass shelves are variable and fixed at the desired height with clamp-glass shelf supports.

The wood's surface has been sanded finely and treated with a colored lacquer.

Available with satinated glass panes!

- Usage
Hifi-Rack, Hifi-Shelf, Hifi-Board, Shelving unit for audio equipment, amplifier, tuner, record player

- Capacity
Almost all kinds of audio equipment. Even large devices such as record players and amplifiers.
Recommended maximum load (uniformly distributed):
middle glass panes (clamp-glass shelf support) approx. 20kg , upper / lower glass panes (full support) approx. 25kg

- Extras / Special
The hi-fi rack QUADRA is the ideal hifi rack for your hi-fi components. Whether amplifier, record player, tuner or CD player - with the adjustable shelves all devices can be optimally accommodated. The wooden elements are made of high-quality, solid wood with a black coating. The adjustable furniture feet ensure maximum stability.

- Weight including packing material in kg
30.00
