- Material
The QUADRA shelving unit for vinyl records consists of solid square timber and aluminum tubes, which form a stable wall-mounted framework. The framework holds 6 large tempered safety glass panes with a thickness of 0.8cm. The wall-mounting is realized by concealed fittings. The shelf gains further stability through adjustable furniture glides, which allow the shelf to be fitted to uneven grounds. The wood's surface has been sanded finely and treated with a colored lacquer. Available with satinated glass panes!

- Usage
LP-shelf, shelving unit for vinyl records, LP storage

- Capacity
approximately 640 LPs / Vinyl records
total maximum weight load: max. 125kg

- Extras / Special
QUADRA vinyl record storage shelving unit for invisible wall mounting. With 6 security glass panels. Slender, graceful shelf - made of massive wood, glass and aluminium. The frame is wall mounted by invisible fittings and holds 6 large tempered safety glass panes. The slender construction and unobtrusive design allows deep insight into the shelf and provides lots of storage space for your LP collection.
