- Material

Wool felt, about 85-100% wool

The colored felt accessories are deeply dyed and emit powerful and rich colors.

- Usage

Felt coasters can be used in every situation - as a coaster for the dining table, for glasses, plates, carafes, cans or as a protection against hot pots and pans.

- Extras / Special

The dense structure and high quality prevent liquids or dirt to fix permanently.

Light dirt can be removed with soapy water. However, please do not wash, since otherwise the felting process will continue and the wool continues to shrink.
