Price per item: 185.30 € 111.00 €
(incl. VAT, excl. Shipping)

- Weight including packing material in kg
21.20

- Wood / Finish / Color
plywood white

- Size
W/H/D 59 x 70 x 31.8 cm
Size of upper compartment: 30 x 25.2 x 39 cm
Size of bottom compartment: 30 x 43 x 39cm

- Delivery content
Delivery consists of 1 pair = 2 trestles (6 wooden parts), assembly material, assembly instructions

- Material
The individual elements are made of 15mm birch multiplex with different colored surfaces. By its slightly offset construction, the T-shaped trestle gains high stability and also provides more security for the table top through a large contact area. The subdivision of the larger T-section by an additional shelf creates lots of space for folders, notebooks, storage boxes or filing systems. The rear area is suitable to keep cables and power strips from view. The decorative nickel-plated screw heads give the TVINNS that special accessory.

Short information on plywood: plywood is multilayered and grouted solid wood veneer with a resin-coated surface in different colors. The plywood edges are natural and untreated. Detailed information on the base material and the properties in the material overview.

- Usage
In combination with a table top of your choice, the trestle pair TVINNS transforms into a stylish desk, workstation or working table with plenty of space for shelves, your computer and / or small devices. Set up individually you receive a grand or two separate lounge tables with the maximum dimensions of 140 x 59cm.

- Capacity
The trestles can be used with table tops of different thicknesses, sizes and materials. We recommend table tops with the dimensions: Width 60-80 cm x Length 120-160 cm. The thickness should be appropriate to the material.

- Extras / Special
The trestle / coffee table combination TVINNS can - by simple rotation - be converted into a desk or coffee table. The trestles can when installed as a permanent desk be rotated in any direction, which makes it possible to exploit the given space. In addition to its multi-functionality TVINNS offers plenty of storage space for equipment and bins.
